OUR COMPANY

:: DRIVEN BY DESIGN

It all happens at our forge, here in Vermont. Our design team brings a diverse set of talents and knowledge to the creation of each piece. Our artisans use skill, metal and heat to make those designs a reality. After more than four decades, we continue to pair tradition with innovation. We're dedicated to bringing you stunning, finely-crafted designs. It's what sets us apart. It's what drives us.

:: INNOVATION & INSPIRATION

Our designers and craftspeople continue to explore ways to improve products and processes using technology. LED is more than just energy-efficient lighting; it's now often part of the sculpture. And in the forge, investment in technology is a top priority. It allows our artisans to continue to deliver the best products to our customers.

:: FROM VERMONT TO YOU

Quality and tradition are more than just words to us. We believe uncompromising quality can only be realized when everyone involved has a close connection to the products being created. We have a proud tradition to uphold and we take that responsibility seriously. The creation of our lighting – from design, to prototyping, to tooling and crafting, all occurs under one roof. The magic happens here in Vermont.

:: LIFETIME LIMITED WARRANTY

Many companies say they're committed to quality. We back up our commitment. Our best-in-class manufacturing processes keep our customers happy. And, we guarantee our quality with a promise – a Lifetime Limited Warranty for any of our fixtures used in residential settings. We also have a committed and knowledgeable customer service team here in Vermont, ready to assist you by phone or email.

:: ECO-CONSCIOUS CHOICES

Vermont is the Green Mountain state. We feel it's our duty to keep our mountains green and to extend that commitment well-beyond Vermont's borders. We use eco-friendly manufacturing processes, source domestically and partner locally whenever possible, manufacture using recyclable materials, design with energy efficiency in mind and use innovative technologies to reduce waste.

:: CUSTOM PROJECTS

The advantages of designing and crafting products domestically, all under one roof, are numerous. The ability to quickly turn around custom requests is critical. Our designers and artisans work together to deliver the custom designs our customers want. Whether it's a modification to an existing product or something totally new, they're here to deliver.

NEW COASTAL OUTDOOR FINISH

KEY FACTS ABOUT OUR NEW COASTAL OUTDOOR FINISHES:

- :: Formulated to resist harsh environmental conditions
- :: Extensively tested in our salt spray chamber where it's subjected to:
 - 100% humidity
 - Salinity nearly 50% greater than average sea water
- :: Significantly improved durability
- :: Your choice of six Coastal Outdoor Finishes
- :: Available on all Hubbardton Forge outdoor fixtures at no additional charge
- :: Required for outdoor fixtures installed within 20 miles of the coast in order to benefit from our Warranty*

“Our advances in finishes, materials and technology allow us to bring lighting outdoors that isn’t merely functional or accent pieces, but potential focal points for these outdoor spaces.”

DAVID KITTS, DESIGN DIRECTOR

*Our Lifetime Limited Warranty has specific requirements for fixtures used near the sea coast. The environment near the sea coast can be extremely corrosive. Hubbardton Forge has developed a series of coastal finishes for use in these areas. Within 20 miles of the sea coast, this Limited Warranty will only cover finish defects on products using our coastal finishes. See complete LLW in Specification Book or on our website.

TRANSLUCENT FINISHES

Our translucent finishes show off the character and texture of the metal beneath...

MAHOGANY -03

Our finishing process utilizes the methods that will bring out the beauty of the materials...

We strive to show the most accurate color possible. However, due to printing limitations, representations here may not be exact. Please contact your Hubbardton Forge showroom for actual finish samples.

Powder coating is more resistant to impact, moisture, chemicals, and UV light than liquid paints...

The eco-benefits of powder coating include low to no VOCs, the capability to recapture and reuse overspray and the ability to return exhaust...

We strive to show the most accurate color possible. However, due to printing limitations, representations here may not be exact. Please contact your Hubbardton Forge showroom for actual finish samples.

OPAQUE FINISHES

Opaque finishes showcase steel's texture or aluminum's smooth surface...

We strive to show the most accurate color possible. However, due to printing limitations, representations here may not be exact. Please contact your Hubbardton Forge showroom for actual finish samples.

VINTAGE PLATINUM & SOFT GOLD

The brilliance of our Vintage Platinum is stunning...

VINTAGE PLATINUM -82

Our Soft Gold finish offers a subtle warmth and elegance.

NEW FOR 2017 VINTAGE PLATINUM & SOFT GOLD ARE NOW AVAILABLE ON ALL INDOOR FIXTURES.

We strive to show the most accurate color possible. However, due to printing limitations, representations here may not be exact. Please contact your Hubbardton Forge showroom for actual finish samples.

Gloss White brightens a space and highlights the fixture. *Available on select items.*

GLOSS WHITE -01

We strive to show the most accurate color possible. However, due to printing limitations, representations here may not be exact. Please contact your Hubbardton Forge showroom for actual finish samples.

NATURAL LINEN

DOESKIN MICRO-SUEDE

TERRA MICRO-SUEDE

ECLIPSE MICRO-SUEDE

NATURAL ANNA

FLAX

SPUN FROST

SPUN AMBER

NATURAL CORK

NATURAL LINEN

A more traditional natural color fabric option with a coarser weave compared to our Natural Anna and Flax fabrics.

DOESKIN MICRO-SUEDE

Softer, richer fabrics, our microsuedes are hand-dyed and distressed to create a subtle patterning. The Doeskin has warm brown and tan overtones, especially when lit.

TERRA MICRO-SUEDE

A warm brownstone and rust red dyed fabric in the micro-suede family of fabrics.

ECLIPSE MICRO-SUEDE

A dark grey alternative in the micro-suede family of fabrics, for those who are looking for a more opaque shade option.

NATURAL ANNA

A more contemporary, white fabric with a tighter, smoother weave compared to the Natural Linen.

FLAX

Our most popular transitional, off-white fabric with the same weave as on our Natural Anna shade.

SPUN FROST

A white, non-woven fabric imparts a light, contemporary look and feel.

SPUN AMBER

A warm, amber alternative to the Spun Frost non-woven fabric.

NATURAL CORK

A renewable natural cork veneer which glows dramatically when lit.

LOW-VOLTAGE

OUR LOW-VOLTAGE PENDANTS ARE AVAILABLE FOR LINEAR RAIL AND TRACK SYSTEMS

HUBBARDTON FORGE UNIVERSAL CONNECTOR PENDANTS

are shipped with a male universal coaxial connector that is designed and tested to work with single or multi-port canopies, linear and rail systems offered by Edge Lighting as well as other manufacturers with quick connect systems.

We offer a residential Lifetime Limited Warranty on all of our universal connector pendants. Consult Hubbardton Forge for system compatibility and other questions.

Universal Coaxial Connector included with new Rail/Track version.

STANDARD LOW-VOLTAGE PENDANTS are pre-wired to a line-voltage canopy with space for excess cable, allowing easy height adjustability.

5.5" canopy included

HUBBARDTON FORGE & AO GLASS

Two Vermont artisanal companies, Hubbardton Forge and AO Glass are collaborating to create unique hand-blown glass for a select collection of lighting fixtures. It is the union of two Vermont neighbors who pride themselves in forward-thinking design and consummate quality, with the shared goal of turning everyday objects into art.

AO GLASS

OPAL GLASS

Our most popular glass choice. A neutral flat white when unlit, Opal radiates the warmth of the inner bulb when lit.

-G OPAL GLASS

PEARL GLASS

A matte, light cream color when unlit, it glows warm with very unique, delicate patterns of undulating clouds when lit.

-ZX PEARL GLASS

STONE GLASS

A transitional glass, Stone has a combination of earthy hues of warm ivory, beige and sand with flecks of grey striations suggesting natural stone when unlit. It takes on a warmer glow when lit.

-H STONE GLASS

SEEDED CLEAR GLASS

The encapsulated bubbles in our Seeded Clear Glass veil its interior when unlit, but become alive with highlights when illuminated.

Available on select items.

-I SEEDED CLEAR GLASS

WATER GLASS

Thick, wavy patterns, similar to an antique window, reflect the light with a slight sparkle. Water Glass retains the same characteristics when lit or unlit.

Available on select items.

-L WATER GLASS

AMBER SWIRL ART GLASS

Shiny-surfaced Amber Swirl Art Glass is a flowing blend of ivory and light caramel colored glass. It provides a warm glow when lit.

Available on select items.

-A AMBER SWIRL ART GLASS

WHITE ART GLASS

Shiny-surfaced White Art Glass is a lively blend of swirled cool white tones. It gives off a clean, natural light.

Available on select items.

-B WHITE ART GLASS

IVORY ART GLASS

Shiny-surfaced Ivory Art Glass is a blend of antique ivory and cream colored glass with a warm tone that falls between our White and Amber Swirl Art Glass.

Available on select items.

-C IVORY ART GLASS

OFF/UNLIT

ON/LIT

TOPAZ ART GLASS

Neutral deep brown when unlit, Topaz Art Glass dramatically transforms into a dynamic blend of rich and warm glowing swirls when lit.

Available on select items.

-ZB TOPAZ ART GLASS

OFF/UNLIT

ON/LIT

SAND GLASS

Sand Glass's sandblasted surface is a natural beige-white color when both lit and unlit. The even tones of Sand Glass are a warm alternative to Opal. Sand Glass's overall hue most closely matches that of Stone Glass.

Available on select items.

-S SAND GLASS

Please refer to the Specification Book for details regarding glass options available for each product.

Please note: Small blemishes and bubbles are inherent in hand-blown glass and are not considered defects. Due to the nature of the glass-making process, the pattern and balance of color in the glass may vary significantly within a piece and from one piece to another. It is the individuality of each piece that is so sought after.

We strive to show the most accurate color possible. However, due to the limitations and variations of the photography and printing processes, representations here may not be exact. Please visit your Hubbardton Forge showroom to see actual glass samples.

We purchase our glass domestically whenever possible, however much of our glass is sourced internationally.

LEGRAND

LIGHT & SWITCH.
FINALLY MADE FOR EACH OTHER.

What happens when you combine a 6,000-year-old art with leading-edge, touch-sensitive technology? The result is the Hubbardton Forge line by Legrand®, as part of the *adorne*® collection. Choose your stunning Hubbardton Forge fixtures, then add the ultimate final touch. Six lustrous metal plates, forged by fire to make *adorne*'s simply elegant switches and outlets a perfect match with Hubbardton Forge's rich array of metal textures and finishes. It's a partnership forged in the fires of creativity and passion.

For more information on the *adorne* collection, go to www.legrand.us/adorne.

Industry Professionals, please visit the website's "Pro Support" section to find a Legrand representative.

Sonora sconce sizes available

SONORA LARGE • 307115 • ALUMINUM SCONCE
 24.6" h x 10.6" w x 7.5" d • A19 bulb, 100W max (LED avail)
 SHOWN: DARK SMOKE FINISH / OPAL GLASS

PORTABLES

A close-up photograph of a hand-shaped light guide. The object is dark, possibly black or dark grey, with a textured surface that resembles a handprint or a similar pattern. A bright, glowing yellow light emanates from the inner curve of the hand, creating a strong contrast with the dark material. The background is dark, making the glowing light stand out prominently.

OUR OPTICAL TECHNOLOGY CONTINUES TO EVOLVE.
THE ENCOUNTER TABLE LAMP OFFERS A PERFECT EXAMPLE.
THE LED ILLUMINATION TRAVELS THROUGH A HAND-SHAPED
LIGHT GUIDE THAT MIMICS THE CURVES OF THE STEEL SCULPTURE.

PENDANTS & CHANDELIERS

KAIROS • 139765
27.6" square • dedicated LED lighting
SHOWN: DARK SMOKE FINISH

GEOMETRY AND LED GO HAND-IN-HAND TO CREATE THIS CONTEMPORARY PENDANT. THREE CABLES ALLOW FOR THE VITRAGE TO HANG ON AN EVEN PLANE OR AT AN ANGLE. THE BODY OF THE PENDANT, CRAFTED FROM FORGED STEEL, IS AVAILABLE IN ANY OF OUR STANDARD FINISHES.

NEW VITRAGE • 139830
43.3" w x 26.4" d • dedicated LED lighting
SHOWN: DARK SMOKE FINISH

HEAVY, HAND-FORGED ELEMENTS COMBINED WITH GENTLE CURVES TO CREATE A VISUALLY INTRIGUING TENSION BETWEEN THE DESIGN ELEMENTS. EACH CURVE OF HEAT-TEXTURED STEEL SEEMS TO FLOAT ON AN UPDRAFT OF AIR AND IS ILLUMINATED BY A LIGHT SOURCE SHINING FROM ABOVE.

NEW CRESCENT - 136630
40" dia - A19 bulb, 100W max
SHOWN: BRONZE FINISH WITH SOFT GOLD ACCENTS

LIGHT PLAYS THROUGH THE TRANSOM. LED SOURCES BOOKEND THE LIGHT GUIDE THAT RESTS AT THE CORE OF THE PENDANT. THE INNER AND OUTER LASER-CUT TUBES OF STEEL CREATE DIFFERENT PATTERNS OF LIGHT AND SHADOW AS THEY ARE TURNED. THE PENDANT IS OFFERED WITH YOUR CHOICE OF TWO-TONE FINISH — ONE FOR THE INNER AND ONE FOR THE OUTER RINGS.

NEW TRANSOM - 139794
38.5" w - dedicated LED lamping
SHOWN: BLACK FINISH WITH SOFT GOLD ELEMENTS

AN ORGANIC, ELEGANT SHAPE FLOWS THROUGH THE DESIGN OF THE ZEPHYR. THE HEAT-TEXTURED STEEL MORPHS INTO THE LIGHT GUIDE - OR DOES THE LIGHT GUIDE TURN INTO STEEL? THE RIBBON-LIKE LED LIGHT GUIDE BEAUTIFULLY ILLUMINATES THE FINE DETAILS.

NEW ZEPHYR - 139833
46.3" w x 23.3" d - dedicated LED lighting
SHOWN: DARK SMOKE FINISH

THE
4 SEASONS SUMMER

BOX KITES AND SAILBOATS AT THE BEACH INSPIRED SUMMER,
WHICH FEATURES RECTILINEAR LINES AND A NOD TO
HUBBARDTON FORGE'S ARTS & CRAFTS ROOTS.

SUMMER - 139753
54.2" w x 16.2" d - dedicated LED lamping
SHOWN: BURNISHED STEEL FINISH W/ VINTAGE PLATINUM TEXTURED ALUMINUM PLATES

canopy detail

And so with the sunshine and the great bursts of leaves growing on the trees, just as things grow in fast movies,
I had that familiar conviction that life was beginning over again with the summer. —F. Scott Fitzgerald

left: Summer with clear glass plates

THE
4 SEASONS AUTUMN

AUTUMN IS INSPIRED BY THE COMPANY'S TRADITIONAL
HAND-FORGED LEAF DESIGNS, BUT HAS A MORE STYLIZED
GRAPHIC APPROACH.

AUTUMN - 139755
53.4" w x 15.8" d - dedicated LED lighting
SHOWN: DARK SMOKE FINISH

canopy detail

My sorrow, when she's here with me, thinks these dark days of autumn rain are beautiful as days can be;
she loves the bare, the withered tree; she walks the sodden pasture lane. —*Robert Frost*

THE
4 SEASONS WINTER

WINTER, THE MOST CONTEMPORARY PIECE OF THE 4 SEASONS COLLECTION, HAS MULTIFACETED, POLISHED-ALUMINUM SNOWFLAKES THAT YIELD A CRYSTALLINE EFFECT TO CREATE A DRAMATIC DISPLAY OF LIGHT AND SHADOW.

WINTER - 139759

53.4" w x 15.8" d - dedicated LED lighting

SHOWN: BURNISHED STEEL FINISH WITH VINTAGE PLATINUM ACCENTS

canopy detail

I wonder if the snow loves the trees and fields, that it kisses them so gently?

And then it covers them up snug, you know, with a white quilt; and perhaps it says
"Go to sleep, darlings, till the summer comes again." —*Lewis Carroll*

THE
4 SEASONS SPRING

RAINDROPS CASCADING DOWN A TRELIS WERE THE INSPIRATION
BEHIND SPRING. EACH GLASS RAINDROP CAPTURES THE LIGHT,
RESULTING IN AN UNEXPECTED SPARKLE.

SPRING - 139751
53.4" w x 15.8" d - dedicated LED lighting
SHOWN: BURNISHED STEEL FINISH

canopy detail

"Is the spring coming?" he said. "What is it like?"...

"It is the sun shining on the rain and the rain falling on the sunshine..." — *Frances Hodgson Burnett*

THETA - 139757
53.4" w x 15.8" d - dedicated LED lamping
SHOWN: BRONZE FINISH WITH SOFT GOLD ACCENTS

THE THETA SHOWCASES MIXED METALS TO CREATE A UNIQUE DESIGN. TEXTURED STEEL AND ALUMINUM FORM THE "SETTING SUN" THAT GIVES A WARM GLOW WHEN LIT BY THE LED FRAME.

INTERCONNECTING PIPES AND RODS OF STEEL
CREATE A 3-D DISPLAY OF LIGHT. DIFFERENT FINISH
OPTIONS CAN BE SELECTED FOR THE PIPES AND
THE ROD ACCENT PIECES. USING FROSTED GLOBE
OR EDISON TUBE BULBS PROVIDE DISTINCTLY
DIFFERENT LOOKS, EITHER CONTEMPORARY OR
INDUSTRIAL, RESPECTIVELY.

CREATIVE COLLABORATION

A creative collaboration between two Vermont companies, **Hubbardton Forge** and **AO Glass**, brings an exquisite collection of lighting fixtures. Combining techniques of sculpting metal and blowing glass by hand, it demonstrates the design possibilities borne from a dedication to hand-crafted quality and artisanal pride. This hand-blown glass is offered in four subtle colors and clear options.

Other colors, limited only by your imagination, are available on a custom basis.

 SHOWN: NATURAL IRON FINISH ON SIERRA PATINA COPPER / OPAL GLASS BELL

SIERRA PATINA COPPER

This unique finish is achieved by heating and oxidizing the surface of raw copper. With rich textures ranging in color from fiery tangerine to bronze greens, no two pieces are alike. Any two sierra patina copper sconces will complement, but not exactly match each other.

TAPERED ANGLE W/COPPER BACK - 213256
