SYNCHRONICITY™

by Hubbardton Forge.

*Hephaestus and Aphrodite... The unity of craft and glamour.
The allure of opposing elements coming together in beautiful and unexpected ways.
This is Synchronicity™ by Hubbardton Forge.*

Synchronicity™ by Hubbardton Forge is the modern retelling of an ancient tale. It is a story offering a glimpse of beauty and artistry that breaks out beyond the confines of time. Every aspect has been considered, with nothing overlooked. The bend and curve of forged steel to the shape of the crystals and the texture and hue of the artisanal glass were all chosen to enhance the designs. Hand-forged metal delicately embraces exquisite crystal. Hand-made glass provides texture and a visual treat.

Each element builds to a crescendo of design and craft excellence. This is Synchronicity™ by Hubbardton Forge. The “meaningful coincidence” that defines synchronicity coalesces in a new experience. With Synchronicity™, the sculptural heritage of the Forge, built on a history spanning more than four decades, has been broadened. We have brought new life to the sparkle of precision-cut Swarovski Strass crystals and artisanal glass. A new world of luxury lighting awaits.

INTRODUCING

THE NEW SWAROVSKI WAVE CUT CRYSTAL

We are honored to partner with Swarovski for the exclusive international debut of the new Swarovski Strass Wave Cut crystal, featured on our Courbé and Courbé Duet pendants. The innovative manufacturing techniques used to create crystals that have convex and concave surfaces bring a sculptural touch with every dazzling curve. Each Swarovski crystal is perfectly cradled by handcrafted elements of steel, like a precious jewel. We believe the unmatched quality and innovation of Swarovski crystal components for lighting deserve to be featured as a key component to fine design. Our designs are created specifically for these lustrous beauties — built to showcase their attributes and complement their allure. Tasteful and modern, Synchronicity™ designs are completely unique in the lighting design world. We are proud to feature Swarovski crystals in many of our designs.

ART WASHES AWAY FROM THE SOUL THE DUST OF EVERYDAY LIFE. — *Picasso*

SOLITUDE PENDANT SMALL 139734

SOLITUDE

A floating island of angular crystal towers provides the visual aesthetics for these distinctive designs. Each crystal rises from an LED light guide and pierces through to emerge below, reflecting and refracting light in a vibrant sparkle.

Design inspiration and intricate craftsmanship create this visual symphony. Flowing ribbons of steel are pierced by cone-shaped Swarovski Strass crystals, creating this divinely paradoxical composition.

RHAPSODY SCIONCE 205440

HOW MANY LOVED YOUR MOMENTS OF GLAD GRACE,
AND LOVED YOUR BEAUTY WITH LOVE FALSE OR TRUE,
BUT ONE MAN LOVED THE PILGRIM SOUL IN YOU,
AND LOVED THE SORROWS OF YOUR CHANGING FACE.

— *William Butler Yeats*

SOLSTICE PENDANT 139780 & SOLSTICE SCONCE 202025

SOLSTICE

The beauty is in the details. A graceful surround of art glass entices you to contemplate the romance and mystery of this pendant. Each of the textured glass panels is unique — handmade by Vermont-based glass artisans. On the accompanying sconce, a metal surround focuses the light toward a coordinating artisanal glass disc to create a unique glowing aura of light.

ARIA PENDANT LARGE 139786

ARIA

A crown of metal surrounds an inner ring lined with a dazzling Swarovski crystal fabric. Petite crystals sparkle as the light dances over them. The LED light guide provides up- and down-lighting from this beautifully crafted circlet.
