KALCO

At Home In Any Environment

For Over 34 years, Kalco Lighting has been a leader in the Lighting Industry. Our dedication to Design, Service, and Quality is the foundation of our success, and we are confident that this presentation of hand-crafted and hand finished fixtures and furnishings will continue the tradition.

As you view the catalog, please keep in mind that many of our collections offer finish, glass and shade options. This provides the most unique opportunity for you and your clients to create a unique design to complement any decor.

Thank you for your support!

Ordering Instructions:

1. Select 4 digit model number (ie. 7479)
2. Select Finish (ie. AC)
3. Select Glass or Shade Option (ie. 1100)

Model #: 7479AC/1100

Legend:

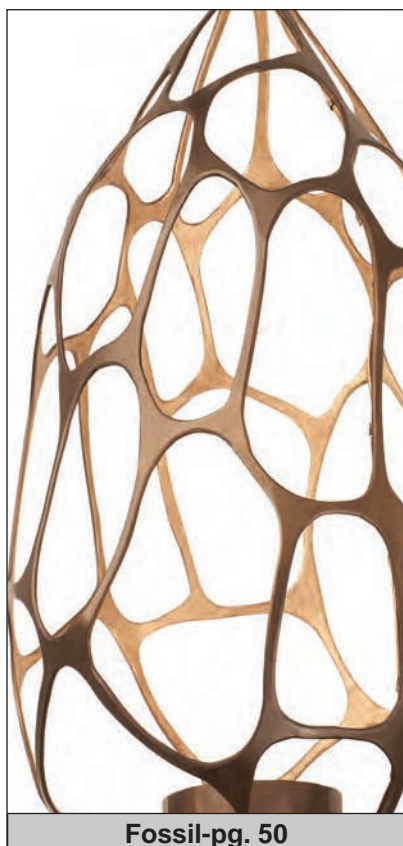

- Quick Ship
- Heavy Fixture (add'l support required)
- Energy-saving configuration available (upcharge fee applies)
- Hang Straight for Slope Ceiling

Unless otherwise noted, standard chain and wire lengths are:

Fixtures up to 32" diameter- 4 ft. chain with 8 ft. wire

Fixtures over 32" diameter- 8 ft. chain with 13 ft. wire

Eternity

The design of our Eternity Collection was inspired by the Celtic symbol of eternity, the Annulus. The interlocking rings, featured in Kalco's exclusive Etruscan Bronze finish, are positioned to create a sense of movement and are highlighted by solid crystal accents and Clear Water Glass. This circular design represents the continuous cycle of time while the metal represents the Celtic connection to Earth, land and nature.

Brierfield

The Brierfield Collection flips candlelight on it's head. This collection is brought to life with Clear Glass shades referencing antique telephone pole insulators, clean lines showcased in Kalco's exclusive Antique Copper finish and highlights of Copper Patina accents. Brierfield takes the idea of candlelight and shines it downward to create a modern yet classical series of light fixtures.

Hemmingray

The Hemmingray Collection was inspired by the circuitry of antique telephones. The metal, available in three of Kalco's exclusive finishes, has been hand-forged to mimic the telephone wires that lined our streets before they went underground. The lamp glass was modeled after the insulators that kept the circuitry elevated so the signal wasn't lost. This collection takes the functional and adds graceful curves to make light fixtures that are unique.

Emsworth

The Emsworth Collection is an abstraction of Craftsman Style design. The strong rectilinear forms are offset by Kalco's cylindrical Stone Glass shades. This union also combines our exclusive Tawny Port finish with Antique Gold accents and a glowing candlelight effect to create a series of fixtures that are at both angular and pleasing to the eye.

Devon

The Devon Collection was inspired by the oak barrels used to make wine and spirits. The central sphere was modeled after the vertical staves of the barrel while the leather band around the center was derived from the banding that holds the staves together. These elements, constructed with recycled materials, are combined with traditional candelabra arms to create a fixture that is at once both masculine and feminine.

Tribeca

The Tribeca Collection was inspired by the Art Nouveau style that dominated the TriBeCa area of NYC at the time of its initial conversion from industrial to residential. The array of curves that combine the industrial and the artistic are enhanced by Kalco's exclusive warm finishes. The hand-crafted glass shades are delicately folded and seem to hang precariously from organically shaped stems to generate pieces that are all at once vintage and modern.

Polaris

The Polaris Collection was inspired by its name-sake, the North Star. A spherical core made from Kalco's exclusive Capiz or Penshell shades mimics the core of the star. The undulating rays available in Kalco's exclusive Moon Silver or Florence Gold finishes modeled after the coronal loops of the star. This collection combines these elements to create conversation starting light fixtures.

Whitfield

The Whitfield Collection was inspired by the popular French fleur-de-lis. This collection combines a stylized fleur-de-lis with the exclusive Kalco Mica Drum shades. The delicate curves of wrought iron, available in Kalco's exclusive Antique Copper or Aged Silver finishes, combine with the warm light created by the Mica Drum shades to create a traditional style that is still contemporary.

Rodeo Drive

The Rodeo Drive collection was inspired by the history of the famous Rodeo Drive in Los Angeles. At one time a Mexican Ranch, it is now where the highest of high-end shopping thrives. The simple shapes, available in two of Kalco's exclusive finishes, are brought to life by our natural, hand-crafted shades. With leather straps as accents and suspensions, these pieces are rustically modern.

Standard Finishes

Black (B)

Antique Copper (AC)

Series also available in our exclusive hand painted designer finishes. See pg 294. Please note upgrade fees apply.

Durango

The Durango Collections draws inspiration from the American Wild West. The wrought iron speaks to the Spanish-Mexican influences of the time and region while the warm glass options, like Kalco's exclusive Calcite, pull inspiration from light fixtures in old west saloons. The hammered solid brass accents add a touch of sophistication and elegance.

Indoor Collections

Fairford

The suspended wheels of medieval chandeliers have been stylized and metal shades have been added to the candle-like lights. Featuring Kalco's exclusive Vintage Iron finish, this collection takes a unique approach to lighting shades. The interior of these metal shades have been painted with Gold Leaf to add a golden, candlelight glow and ultimately soften the look of the metal light fixture.

Standard Finish

Vintage Iron (VI)

Series also available in our exclusive hand painted designer finishes. See pg 294. Please note upgrade fees apply.

Bentham

The Bentham Collection speak directly to the changing styles of early 20th century America. The curves hint at the coming Art Nouveau style. Kalco's custom, hand-crafted hurricanes/shades create a glowing, flickering light that references the conversion of the general lighting from gas to electric. These elements combine with leather and wood accents to create distinct and stylish pieces.

Mardi Gras

The Mardi Gras Collection draws directly from the hanging paper lanterns popular in New Orleans. This unique stylistic influence is combined with a black finish and your choice of Kalco's exclusive, Flambeaux or Snowflake glass shades to create fixtures as charming as the city that inspired them.

Vine

Drawing inspiration from the Colonial Mexico's long history of wrought-iron work and cathedral lighting, Vine is combined with hints of the vineyards of Northern California. Kalco's exclusive Bark finish is the perfect compliment to the looping, twining, hand-forged wrought iron. Our hand-crafted shades become the centerpiece of these lighting pieces to create rustically unique pieces that will add charm to any space.

Napa

The Napa Collection draws inspiration directly from Art Nouveau and the wineries in the Napa Valley. The hand-forged vines of iron, featured in Kalco's exclusive Golden Wheat finish, twine upwards and curl around the exclusive Kalco shades and their structures to create a soft, organic fixture that will add delicate style to any space.

Atlantis

The Atlantis Collection was inspired by the legendary lost city. Kalco's exclusive Coral finish creates a natural sea bleach effect that combines with iron hand-forged to look like wafting coral and real sea shell accents that speak directly to the City of Atlantis' fabled home at the bottom of the Atlantic Ocean.

Renaissance Sanya Resort and Spa

St. Regis Shenzhen

KALCO
At Home In Any Environment
Custom and Contract Lighting

Our Mission is to collaborate with our customers to design, engineer, and create the lighting, furnishings, and accessories of their dreams.

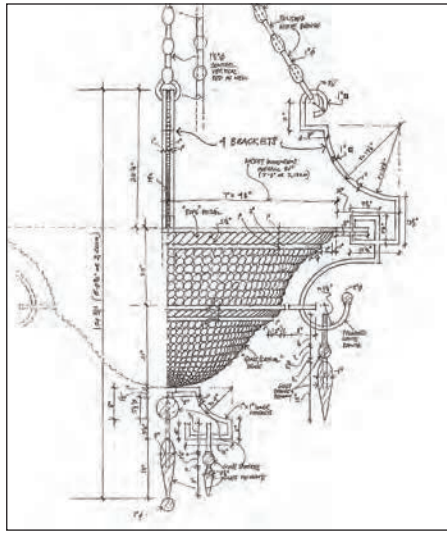

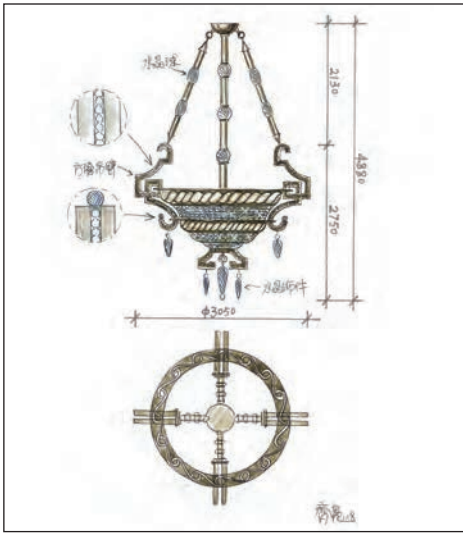

St. Regis Tianjin

Renaissance Sanya Resort and Spa

Custom/Contract

About Us:

No project is too big or too small. We create the illuminated jewelry that sets the scene in high end residential applications as well as corridors, guest rooms, and public spaces in some of the finest commercial properties around the world.

Our experience and reputation working with Interior Designers, Architects, Specifiers, and Project Managers are vital attributes to being a valued resource on a variety of projects including Hotels, Casinos, Restaurants, and Exclusive Homes and Condominiums.

We can provide design and engineering support because we are a dedicated team that will take the time to understand the applications, and engage with all parties to propose solutions for their project needs.

The Palazzo by The Venetian, Las Vegas

Capabilities and Resources:

- *Over 80 Designers and Engineers on Staff*
