## Socket Collar Tool

**P8685-01** Socket collar tool  
Size: 2-5/8" dia., 7-7/8" tall.

The socket collar tool provides extra leverage and eliminates a loose fit when installing glass shades. Working like a wrench, the socket collar tool extends into the shade and tightens the socket ring, securing the shade in place, and can reverse to loosen the ring to remove the shade. This accessory can be used on a variety of fixtures, including chandeliers, mini-pendants, sconces and wall brackets.
